

In California,
water policy is where politics
meets reality.

It's where
Raul Bocanegra
takes the lead.

VOTE RAUL BOCANEGRA FOR STATE ASSEMBLY

Paid for by Californians for Jobs and a Strong Economy
1717 I Street
Sacramento, CA 95811

Raul Bocanegra is a leader on the most critical issue facing California.

Real Leadership from Day One

Raul Bocanegra led the fight in the Assembly to strengthen water storage and conservation policy. And he will keep fighting to make sure that San Fernando Valley families and businesses have access to clean, safe water.

In Sacramento, Raul Bocanegra led negotiations to send a balanced, workable, and robust water bond to the ballot. California voters agreed overwhelmingly, passing Measures 1 and 2 in 2014 by large margins.

But the fight isn't over. We need a real leader in the Assembly, ready to lead on drought issues from day one. We need Raul Bocanegra.

*When Californians worried about the very future of our state, **Raul Bocanegra** took action – leading the way on efforts to increase water storage and conservation.*
